

Finance Department

Finance Major Undergraduate Teaching Program

1. Training objective: to cultivate interdisciplinary and professional talents who have a global perspective and also can systematically master basic theoretical knowledge and **finance** methods, meet the need of finance and social security development; be able to work in **the banking** and security **sector**, insurance industry and other social enterprises and institutions.

2. Standard period: 4 years full-time undergraduate

3. Degree: Bachelor of Economics

4. Credit requirements: students should finish 155 credits(excluding extra credits), including 50 general compulsory courses credits,9 general elective courses credits,44 common courses credits,33 professional compulsory courses credits, 8 professional selective credits,11 comprehensive application courses credits; meanwhile, students should also finish 10 expanding quality extracurricular credits and take “College students health education classes”.

5. Hong Kong, Macao and Taiwan students teaching program requirements: in accordance with the Education Department regulation, Hong Kong, Macao and Taiwan students do not need to take the "National Defense Education" section courses, but have to take the rest of the courses in accordance with the teaching program requirements. The political theory course is a compulsory course for foreign students studying philosophy, politics and economics, foreign students and other professional foreign students without exemption **are required to take the courses in “Chinese Language” and “China Country Profile”**.

6. Curriculum for Foreign Students

According to regulations by **the** Chinese Ministry of Education and Guangdong Provincial Education Department, foreign students are required to take all the courses except the ones related to national defense education. And foreign students excluding those majoring in economics can apply for exemption from courses related to politics theory. Those who are pursuing the degree study are required to take the courses “Chinese Language” and “China Country Profile”.
