Note:

- English courses should be scheduled in 6 semesters consecutively in order to ensure English teaching and study efficiency.
- Some of the ideological and political courses could be delivered by practical teaching, lectures on special topics and self-study.
- A three-semester-system will be adopted. It will be divided into two long semesters and one short semester: fall semester, spring semester and summer short semester. Hence, the theory study courses will be finished within 16 weeks in spring semester (No.2, 4, 6 semester), exams will be scheduled in the 17<sup>th</sup> week. Summer short semester will start from 18<sup>th</sup> week. The second and third semester will continue and the summer semester will end in the 20<sup>th</sup> week. Summer semester is 3 weeks. The third semester is to encourage students self-study and individual development. There are 3 short semesters within 4 years. Specific arrangement of each short semester is shown in the teaching arrangement of the short semester for Business Administration (Innovative Experimental Class) of Guangdong University of Finance and Economics. Some of the teaching content include:
  - Lectures by reputable lecturers from home and abroad, professional managers or CEOs.

2. Teachers and student international exchange, study abroad program and paid-internship, etc.
  3. Outdoor expansion activities with the aim to educate student's team spirit, leadership , etc.
  4. Social practice, companies visit, industry research, research on entrepreneur , project development and career planning.
  5. Business quality and business negotiation training including: etiquette, fitness, visit companies, business etiquette, golf practice, etc.
  6. Entrepreneurial education include entrepreneurial theory, policy, market environment, capital operation, taxation system, entrepreneurial project development, etc.
  7. Comprehensive writing training including business proposal, report, meeting material, etc.
4. Credits can be given or exchanged to encourage entrepreneurial activities.
  5. Students are encourage to participate in intercollegiate exchange. The maximum time length could be one year if all the necessary formalities are complete.
